enquiries@buildersacademy.com.au

This program will see you develop the techniques and aptitude to carry out carpentry tasks and processes. You will learn practical skills and knowledge to undertake projects in new residential housing construction, maintenance and repair and renovations.

Australia needs qualified carpenters to build the residential cities and suburbs of tomorrow - trust your future with Builders Academy Australia; 2020 Australian Small Training Provider of the Year!

How long will it take?

The standard course duration is 42 months full time completed on-the-job within an apprenticeship. However, duration may vary depending on individual circumstances.

Is the course subsidised?

This training is delivered with Victorian and Commonwealth Government funding for eligible students who have training contract for a Victorian Carpentry Apprenticeship. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have several payment options available. Give us a call to discuss the best option for you.

Future pathways

After completing CPC30220 Certificate III in Carpentry you may decide to further your training with a CPC40120 Certificate IV in Building and Construction (Building) or CPC50220 Diploma of Building and Construction (Building)
